

Dear Esteemed Colleagues,

It is with great enthusiasm and honor that I announce the Mediclinic Middle East International Nursing and Midwifery Conference taking place on 29 May 2025, focused on the compelling theme: "Nursing - Vision 2030." This theme resonates with our collective commitment to support the envisioned future of nursing in the UAE, in which the profession continues to evolve as a crucial pillar of national and global healthcare.

As Chairperson, I am inspired by the potential we hold as a community to shape a transformative path for our profession. The year 2030 may seem distant, but in the relentless pursuit of excellence and innovation, we know that it is just around the corner. It is imperative that we gather now, as thought leaders, practitioners, and educators, to discuss, develop, and deploy strategies that will define the trajectory of nursing into the next decade.

Our conference theme aims at creating a program filled with opportunities to learn from pioneering leaders, share cutting-edge research, and engage in discussions that challenge the status quo. Each session is crafted to enhance our understanding of the challenges we face and the innovations required to address them. Key topics include advancements in technology, leadership in nursing, policy advocacy, and sustainable healthcare practices, all of which are essential to achieving our Vision 2030.

I invite you to immerse yourselves in this experience, connecting with peers, exploring new ideas, and fostering collaborations that will ignite change. Together, we are more resilient, more insightful, and more capable of navigating the complexities of an ever-changing healthcare landscape.

Thank you for your dedication, passion, and contributions to the field of nursing. Your efforts are vital to realizing our vision for a future where healthcare is more accessible, equitable, and effective for all.

Let us embark on this journey with hope and determination. I am looking forward to welcome each of you to the Mediclinic Middle East International Nursing and Midwifery Conference 2025.

With warmest regards,

Cora Lessing

Mediclinic Middle East Nursing Executive

Conference Chairperson
